## ABOUT

I am an IT student so I'm someone who values responsibility, hard work, and taking initiative. I may not be the most skilled in programming, but I make up for it with a willingness to learn and a strong work ethic. Whether it's helping solve technical issues or supporting a team, I do my best to contribute in a reliable and practical way.

---

## OBJECTIVE

To secure a position in a reputable organization where I can contribute positively and grow both personally and professionally.
